1. Hereby we, as UAB Ludona, confirm that before mentioned materials and articles correspond to Regulation (EC) No 1935/2004 of the European Parliament and of the Council of 27 October 2004 on materials and articles intended to come into contact with food and Regulation (EC) No 31/2005 of the European Parliament and the Council of 29 April 2005 on compliance and performance criteria of the analytical method for ceramic articles intended to come into contact with foodstuffs.
2. We hereby certify that barcodes above are made from the same material in the same technology and they are safe for use in contact with food. All mentioned products are made from virgin birch wood, without any added materials.
3. We certify that barcodes above are made from materials that are mentioned in the table.
4. Special conditions of use for substances referred to in and / or the materials and articles in which they are used:
  - Using in microwave – **not applicable**
  - Other special conditions of use (washing in dishwasher, using in oven) - **not applicable**
5. **Specifications on the use of the material or article, such as:**  
Wooden cutlery can come in contact with all types of food: dry, moist and fat foodstuff.  
It is not recommended to use forks and knives for hard meats. Wooden cutlery cannot be used for contact with hot liquids at a temperature above 75 ° C.  
Wooden cutlery is produced in accordance with the FSC system and BRC IoP Security packaging and packaging materials by category for the packaging materials in direct contact with food products.

Wooden cutlery is made from natural, virgin wood which not contains any plastic. Cutlery is produced without any wax or other materials which could contain a plastic. Products are environmental friendly, ecological and compostable.
