3. Traceability:

Traceability is ensured via batch number printed on both primary and secondary packaging, as well as on delivery documents.

4. The object of this declaration complies with the following Union legislation:

- Regulation (EC) No 1935/2004 of the European Parliament and of the Council of 27 October 2004 on materials and articles intended to come into contact with food;
- Commission Regulation (EC) No 2023/2006 of 22 December 2006 on good manufacturing practice for materials and articles intended to come into contact with food.

5. Specifications and standards used to declare conformity:

- Internal testing and documentation in accordance with the principles of Regulation (EC) No. 1935/2004;

- The materials used do not transfer constituents to food in quantities that could endanger human health or change the food's composition or taste, in accordance with Article 3 of Regulation (EC) No. 1935/2004;
- Where relevant, component materials have been assessed based on supplier specifications, safety data sheets, and applicable national or international guidelines.

6. Oversight and Compliance

The production facility is supervised by the **Latvian Food and Veterinary Service (Pārtikas un veterinārais dienests)**, the national competent authority for food contact materials.

The latest official inspection was conducted on 24 April 2025, with **no non-compliances** recorded, confirming conformity with national and EU food contact material legislation.
